Direct Deposit Authorization

I authorize my employer or payer to electronically deposit the specified payroll amount into my RushCard prepaid account each pay period and to initiate, if necessary, reversal entries and adjustments for any credit entries in error to my card (not to exceed the original credit).

You'll start enjoying the convenience of Direct Deposit within 2 pay periods.

The Prepaid Visa RushCard is issued by MetaBank[®], Member FDIC, pursuant to a license from Visa U.S.A. Inc.

The bank routing number and direct deposit account number are for the purpose of initiating direct deposits to your Prepaid Card account only. You are not authorized to provide this bank routing number and direct deposit account number to anyone other than your employer or payer.

Direct deposit capability is subject to payer's support of this feature. Check with your payer to find out when the direct deposit of funds will start. Funds availability is subject to timing of payer's funding.

"Getting your money up to two days sooner is based on comparison of traditional banking policies and deposit of paper checks from employers and government agencies versus electronic direct deposits. Many employers and government agencies notify us of direct deposits before your "official" day scheduled for payment. If we receive early notice, we may load your direct deposit earlier than your "official" day scheduled for payment. We may limit the amount or type of Direct Deposit eligible for early loading.
